

STEEL POLES FOR VIGNARD **VITIPAL P130 PLUS**

The new **VITIPAL P130 PLUS** vignard steel poles, produced by CMC Pali, further enhances the technical and functional characteristics of the standard **VITIPAL** pole thanks to the special section joined to a thickness up to 2.20 mm.

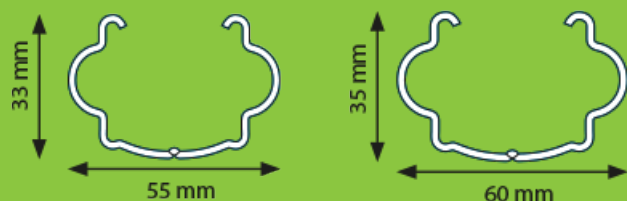

The new type of internal hook and the particular strengthened profile eliminate any inconvenience in the presence of grape harvesters,

The different thicknesses, between 1.35 and 2.20 mm make the **VITIPAL P130 PLUS** vignard steel posts suitable for any type of terrain.

Available in length from 200 to 300 cm, in hot-galvanized steel, stainless steel, pre-galvanized, corten, zinc-varnished versions.

VITIPAL P130 PLUS EASY section 33 x 55 x 33 mm

VITIPAL P130 PLUS section 35 x 60 x 35 mm

100 % MADE IN ITALY
