

VIGNARD STEEL POLE **AGRIPAL 40 X 50**

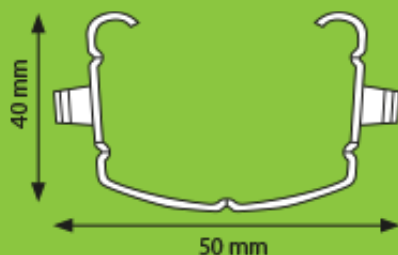

HOT DEEP GALVANIZED POLES - Our **AGRIPAL 40 x 50** vignard steel poles, hot-deep galvanized according to the UNI EN ISO 1461 standards, are "ecological", using a galvanic bath procedure absolutely free of lead allowing us to anticipate future regulations in environmental protection; a local coating of 70 microns ensures a long life of our poles.

INOX POLES - They guarantee an unlimited duration over time. Available in all AISI 300 - 400 series.

PRE-GALVANIZED POLES - They are characterized by a good durability over time and by their low cost compared to the other profiles.

COR-TEN POLES - Made of steels with improved resistance to atmospheric corrosion: excellent quality price ratio.
